AUSBILDUNGS KAMPAGNE Migration 2026

Vocational training in Saxony-Anhalt is the best investment in your future! Almost half of all young people in Germany start vocational training after finishing school. And why? It's a fantastic combination of practical work in a company and

theoretical learning at a vocational school. Afterwards, you'll have very good career opportunities. We'll inform you about all this and much more. Feel free to bring your family or other companions with you. We look forward to seeing you!

Sachsony-Anhalt wants you! Do you want it too? Take your chance and start an apprenticeship!

Information Event: Apprenticeships Explained in a Nutshell

Do you want to know how vocational training works in Germany? Then come to “Apprenticeships Explained in a Nutshell”! Here you will get a clear and simple explanation of how the German vocational training system works.

Language support will be available so that everyone can understand everything well.

This event is for young migrants and their families. Parents are especially welcome!

Important: This is not a career fair, but an information event with guidance, advice, and personal conversations.
